Town of Goshen

Application for Zoning Permit for Construction or Illumination of a Sign

Note: Submit this application and your application fee to the Town of Goshen Building Inspector, P.O. Box 68, Goshen, NH 03752. (The fee schedule is available at the Goshen Town Office.)

Tax Map & Lot #: _____ **Street location of property:** _____

Name of property owner: _____ **Telephone:** _____

Mailing address: _____

This application is for (check one or both):
_____ **Construction of an outdoor sign**
_____ **Illumination of any new or existing sign**

Description of Sign (Purpose, location, and size of sign, business being advertised, method of illumination, etc.):
• _____
• _____
• _____

Size and placement of new outdoor sign

Size and placement must comply with Section V.E of the Town of Goshen Zoning Ordinance. Please respond "Yes" or "No" to each of the following questions:

1. Will the sign be 6 square feet or smaller? _____
2. For a freestanding sign:
 - Will the sign be placed 25 feet or more from the centerline of a road? _____
 - Will the sign be placed 150 feet or more from the nearest intersection? _____
3. For a sign affixed to a building:
 - If the sign extends out from the building, will it extend out by 3 feet or less? _____
 - If the sign extends up above the building, will it extend up by 3 feet or less? _____
4. Will the sign be located on the premises of the property being advertised? _____

Note: If you responded "No" to any of the questions above, then you must obtain a special exception from the ZBA before a zoning permit can be issued. Your ZBA approval must be submitted with this application.

Illumination of any type of new or existing sign

Illumination of any sign must comply with Section III.L of the Town of Goshen Zoning Ordinance. Please respond "Yes" or "No" to indicate whether your sign illumination conforms to the following:

1. Will lighting be shielded so that it will not create a nuisance or hazard caused by glare? _____
2. Will lighting be shielded so that any light projected above a level plane is negligible? _____
3. Will illumination be by continuous (non-flashing) indirect white (non-colored) light? _____
4. Will the sign be illuminated from above (overhead lighting)? _____

Note: You *must* be able to respond "Yes" to questions 1, 2, and 3 above in order to receive a zoning permit. For question 4, if you respond "No," you *must* obtain a special exception from the ZBA for an acceptable alternative to overhead illumination. Your ZBA approval must be submitted with this application.
