ENVIRONMENTAL IMPACT REPORT

Reporting Period: October 1, 2024 – September 30, 2025 (NH Recycles' fiscal year)

Congratulations – you are active recyclers! Recycling isn't just good for your wallet, it's great for the environment, saving energy and resources. NH Recycles, your nonprofit municipal recycling partner, helped your community move the recyclable materials below to market, where they were processed into raw materials and remanufactured into new products. **Learn more at www.NHrecycles.org.**

RECYCLABLE MATERIAL	RECYCLED AMOUNTS	ENVIRONMENTAL IMPACT! Here is just one benefit of recycling each material instead of manufacturing new products from virgin resources.
ALUMINUM	4,160 LBS.	You saved enough energy to run a TV for 241,280 hours!
ELECTRONICS	3,246 LBS.	You saved enough energy to power 104 homes for one day!
GLASS	20,960 LBS.	You kept the equivalent of about 125 trash bags out of the landfill!
PAPER &/OR CARDBOARD	17,800 LBS.	You saved 151 trees!
TIRES	3,545 LBS.	You saved 84 gallons of oil!

AVOIDED EMISSIONS

Recycling uses much less energy than making products from virgin resources, which means fewer greenhouse gases entering the atmosphere.

By recycling the materials above, your community helped avoided approximately **122,601** pounds of carbon dioxide emissions. That's like removing **12 passenger cars** from the road for an entire year!

***The above data was calculated using the U.S. Environmental Protection Agency's Waste Reduction Model (WARM).*
